

Sky Mountain Wild Horse Sanctuary is a haven where mustangs belong only to wide-open sky, wild land and each other. Sky Mountain Wild's successes include providing sanctuary for unadoptable mustangs while partnering with the U.S. Forest Service and Mt. Taylor Mustangs to create the first project on Forest Service lands in the country to keep mustangs free in the wild by using the immunocontraceptive PZP.

With our Wild Investors' Initiative, we seek to build a community of members to invest in the sanctuary's efforts for wild horses, wildlife and wild land. We invite you to learn, join, and give at www.skymountainwild.org.
